PROFILE

I am a passionate front-End Developer with a solid foundation in HTML, CSS, JavaScript, complemented by hands-on experience building dynamic, responsive websites using modern frameworks. With expertise in React.JS and proficiency in Bootstrap, Tailwind CSS, and cutting-edge libraries, I specialize in creating seamless user experience and clean, maintainable code. I am dedicated to staying current with industry best practices and continuously expanding my technical knowledge. I thrive in collaborative environment where I can contribute to real-world projects while mentoring others. Driven by a commitment to excellence in design and functionality, I am ready to take a meaningful impact as a skilled Front-end Developer in forward thinking team.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript

Frameworks & Libraries: Bootstrap (basic), Font Awesome, Tailwind CSS, React.JS, React etc.
